WINDSOR ARMS

F1 MEMORABILIA TO AID EARTHQUAKE VICTIMS.

Auction in Toronto during International Film Festival

TORONTO, ON - July 8th, 2009

With generous donations from F1 drivers representing nearly every team on the grid, an auction will be held September 12 in Toronto at the Windsor Arms Hotel. The money raised will be donated to Jarno Trulli's foundation "Abruzzo in the Heart" which provides aid to victims of the April 6th, 2009 earthquake in Italy.

"This event was the brainchild of Jarno Trulli," said Ted Dobrzynski, President, F1Play Inc. "Through his generosity and the help of many drivers on the grid we hope to raise upwards of \$25,000 at the auction for the earthquake victims."

The event will feature signed visors, suits, other race gear and photos provided by Sutton Images.

The auction will be held during the Toronto International Film Festival (TIFF) in the fall. The TIFF is one of the premier film events in the world hosting all of Hollywood's biggest stars.

The Windsor Arms Hotel is the perfect location for the auction as it blends luxury with history: a good fit for the storied history and excellence which Formula 1 and its drivers represent.

"Windsor Arms Hotel celebrates its 10th year anniversary and continues its long standing tradition of giving back to those in need"
